## Referrals:

Referring Doctor:

### General Practitioner:

*A valid referral outlining the procedures you wish to discuss is required before your consultation. If you haven't already provided your referral, please send it at your earliest convenience.*

*Specialist referrals are valid for 3 months and GP to specialist referrals are valid for 12 months. We recommend obtaining a referral from your GP that will last for one year.*

## Information about fees:

*RSDC doctors do not bulk bill in their private rooms, however they do attend public clinics which will require a valid referral.*

***Payment in full is required on the day of the consultation.***

*For the details of RSDC fees please call our staff 1300773210.*

*There is an out-of-pocket cost for the Cardiopulmonary Exercise Test and Home-Based Sleep Study for all patients.*

## Payment and Cancellation Policy:

*In the event an appointment is cancelled with less than two business days notice, full consultation fee will be charged.*

***Please note***, if you see one of our doctors and they request a test (bloods, scans, ultrasounds, etc.), the results will be automatically sent to the computer and not seen by the doctors. You will have to make a separate appointment or see your GP for the results if needed.
